

BUSINESS SPOTLIGHT

ValleyStar Credit Union has been serving members and businesses with financial products and services since 1953. Formerly known as Martinsville Dupont Employees Credit Union and based solely out of Martinsville, VA, ValleyStar has grown to serve over 54,000 members while providing nine branch office locations across five regions in Virginia and North Carolina. They are one of the fastest-growing credit unions in the nation as well as one of the most solvent and efficient in the region.

Their growth was bolstered by the recent merger of Entrust Financial Credit Union based out of Richmond, VA. The merger into the ValleyStar family not only allowed them to expand into the metro Richmond market, but also serve the needs of people across the globe via faith-based organizations. Now, over 2,000,000 consumers are eligible to join and enjoy the benefits of ValleyStar. And, people around the world are actively being helped through the efforts of their employees and membership.

Rendering of new VSCU building in SVBP

On the horizon is the new Administrative Campus being built in Summit View Business Park in Rocky Mount, VA. The size and location of this facility are ideal for the recent expansion as well as our plans for the future. Phase I is scheduled to open first quarter 2021 with Phase II currently in the planning stages.

Great things are happening at ValleyStar Credit Union! And the core of the service provided to ValleyStar members and to those in need around the world is based right here in Franklin County.
